Before Using Product

Read and follow all instructions carefully to ensure that your gate is properly installed. Please keep these instructions for your reference.

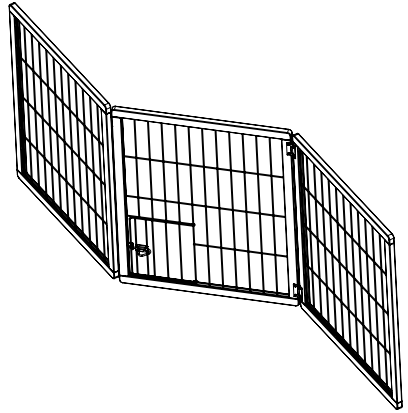

WARNING

- To prevent serious injury or death, securely install gate or enclosure and use according to manufacturer's instructions.
- This is a pet gate. NOT intended for use with children.
- This is a pet gate, but when used around children the small pet door must remain closed and securely latched.
- Strangulation hazard: pets can force themselves into very small openings; use this gate with pets whose heads will not fit into openings in the gate, between the gate and floor, or between the gate and wall.
- Never use with pet able to climb over or dislodge/open the gate or enclosure.
- This product may not prevent all accidents. Never leave pet unattended.
- To prevent falls, NEVER use at the top of stairs.
- Check the gate regularly to see if all the hardware is tightened.
- Do not use if any components are missing or damaged.

Setting Up Your Gate

STEP 1

Unfold the gates panels to fit your doorway/opening.

NOTE: To prevent the gate from tipping over ensure there is a slight bend between the gate panels. The gate panels should not extend open to their maximum capability or the gate will tip over.

SMALL PET DOOR

Lift up the *locking handle* and slide to the right to open the door. To close, slide the *locking handle* to the left and push down to secure.

CARE AND MAINTENANCE

Periodically check the gate for signs of damage, wear, or missing components. Do not use if any part is missing, worn or damaged. Check the gate regularly to ensure all the hardware and mountings are tightened. Do not use abrasive cleaners or bleach. Clean by sponging with warm water and a mild detergent.
